"I think every human being has within himself or herself a desire to reach out to others and to share some of our blessings with those who are in need. What's opened up that avenue for me and my wife and hundreds and thousands of others is Habitat for Humanity. It makes it easy for us to reach out and work side by side with the homeowner who's never had a decent house, perhaps. I haven't been on a Habitat project that I wasn't thrilled and inspired and wept." - Jimmy Carter
